RELEVANT EXPERIENCES

DILOLABS - RUBY ON RAILS FULL-STACK DEVELOPER - REMOTE - 2015 - TODAY

Full-stack Ruby on Rails development from 4.2 to 8.0 applications, including:

- BillyGen | 4 years | Electronic invoicing start-up
 - I started the product then developed it with a team of 3.
 - I integrated APIs including banking (Powens) and digital signature (YouSign).
 - I maintained the code quality at 85+/100 on Rubycritic.
- ShipOnRails | RAG for Ruby on Rails developers
 - I developed an advanced RAG with automatic upgrades from various sources.
- Cuisine.eco | Responsible food | Side project
 - I integrated AI and OCR APIs from OpenAI and Mistral.
- Citae R+ | Building accessibility
 - I migrated hundreds of databases.

DevOps CI/CD with Docker, GitLab and Kamal on PaaS and IaaS target environments.

BTP CONSULTANTS - SAINT-QUENTIN-EN-YVELINES - 2007 - 2013

Discovery and development using Ruby 1.8 and Ruby on Rails 1.2.

SKILLS

Full-stack Ruby on Rails development:

- Back-end vanilla Rails, RSpec
- RESTful API clients and servers, webhooks
