

# Teacher Mindsets that Make an Impact

- My fundamental task is to evaluate the effect of my own teaching.
- Success and failure depend on me, the teacher.
- I want to talk more about the learning than the teaching.
- Assessment is feedback about the impact of my teaching.
- I engage in dialogue not monologue.
- I enjoy the challenge and always do my best.
- I develop positive relationships.
- I take the time to teach students and parents the language of learning.
