The combination of **Fire** 🔥 and **Water** 💧 presents drama. There is an incredible sensitivity which manifests in strong emotions and volatile mood swings. Concern for approval or judgements of others is also strong. This is due to the tendency toward excited and impulsive emotional expression under the Fire and Water. Therefore, you go by instinct and dive in with little concern for protocol or procedure, you function very well under pressure and are at your very best when being challenged.

An abundance of **Cardinal** ♀ planets provides a need to take action, to shift, do, begin. This means you are someone who is inclined toward constant activity. Rooted in the here and now. The present moment requires spontaneity, and you do not disappoint. You are highly ambitious and always ready to kick things off and get started. The positive quality of strong Cardinal presence in the chart is a constant and constructive sense of initiative, whereas the weaker point resides in the possible tendency to drift into thoughtless action which provide very little benefit, just for the sake of doing something.

Balanced **Masculine** ♂ and **Feminine** ♀ energies present a special harmony. You are concerned about the wellbeing of others and take the time and care to lend help, without forfeiting your own needs. Logic and emotion have equal roles in your reasoning.

Your Sun sign is Aries ♈. Ready to go! Highly motivated to take action. Direct. You are a natural leader with a fiery and fearless disposition. Your impulsive nature finds you taking risks. This does not deter your go for it spirit.

Your Ascendant is Leo  and endows you with a courageous, kind, and confident nature. This combined with dignity and appreciation for the rule of social order will enhance your social standing and provide stability in difficult times. Others find you to be generous, compassionate, understanding, sensible and eager to lend help and protection to anyone in need. A big warm heart is matched by your loyalty. At times you can be provoked into anger or act on impulse, particularly when your pride is threatened. Once you make a decision you stick to it. You enjoy luxury and fine things, and appreciate items of value. Bold, cheerful, considerate and full of hope, you are a dependable and committed companion and would pair very well with a partner rich in intuition and appreciation for humanity.
