THE FIGHT CONTINUES

Schomburg tenants are facing unsafe conditions, unfair electric bills, and a landlord that still has not provided basic services reliably.

The recent five-day hot water outage at 1295 Fifth Avenue — followed immediately by a half-day total water shutoff — shows why tenants must fight back with every legal, political, and organizing tool available.

TOPICS FOR DISCUSSION

- The appeal of the submetering case
- The Article 7-A lawsuit to force repairs and accountability
- The proposed class action lawsuit for damages
- The recent hot water and water shutoff emergencies
- Political support we have received so far
- Political support we are still seeking
- Our first non-violent tenant protest, planned for June 20, 2026
- What tenants can do now to help win this fight

All tenants are strongly encouraged to attend.
